

# Hermann Clarinet Choir Music Collection Price List

Revised December, 2016

The following are original unpublished compositions and transcriptions for clarinet ensemble from the library of Harvey Hermann, who directed the clarinet ensemble program at the University of Illinois for a period of 30+ years. Almost all of the works have been performed by the ensembles at some point. Unperformed works are presented in their own section.

All works originated in manuscript, and as such quality and readability were sometimes questionable. However, many items have been reproduced using modern music publishing software and are of professionally engraved quality. Remaining manuscript items are satisfactory, and may not be manuscript by the time you read this. If a particular work is of interest to you, please inquire because chances are good we're working on it if it needs working on.

Purchase price includes one each of the score, solo, Ab, Eb, Eb Contrabass, Bb Contrabass, and String Bass parts; two each of the Bb, Alto, and Bass parts (where

applicable, exceptions are noted). We do not sell study scores. Prices do not include shipping costs.

Prices are subject to change without notice owing to inflation and the cost of duplication supplies.
